NanoQuRe Sequencing QC Report

11 March 2026

Contents

Table 1: Summary Statistics for Sequencing Run

sample id	duration [h]	number of reads	total bases sequenced [Gb]	passed reads [%]	average speed [bp/s]
250320_ligaseEla_SuperScript	6.27	712332	0.182	50.55	77.04

Table 2: Summary Quality Statistics for Sequencing Run

sample id	all reads	passed reads	n50 value	mean qscore	longest read	passed mean length
250320_ligaseEla_SuperScript	712332	360076	491	7.14	6382	370.47
